MRS. ANNA COONS BLAINE.

Died Tuesday at Youngstown, O.—Interment Today in Maysville Cemetery.

Mrs. Anna Coons Blaine died Tuesday at the residence of her daughter, Mrs. James L. Botsford, at Youngstown, O., in the 81st year of her age, having been born near Lexington, Ky., March 10th, 1819.

Mrs. Blaine was the widow of the late Samuel L. Blaine of this city, to whom she was married March 11th, 1840.

Upon the death of her husband she took up her residence with her son-in-law, General James L. Botsford, at Youngstown, where her declining years were spent.

Mrs. Blaine was a member of the Presbyterian Church since her early youth.

During her long life in Maysville her amiability, her cheerful manners and her thorough kindness endeared her to all who knew her; and the news of her death will be a shock and surprise to her numerous friends here where she resided nearly fifty years.

In addition to Mrs. Botsford, she leaves surviving Messrs. John E. E. Robert, William H. and Samuel L. Blaine of Cincinnati, and Mr. C. C. Blaine of Charleston, W. Va.

The funeral services will be held today at 2 p.m. at the First Presbyterian Church under the direction of her former Pastor, Rev. S. B. Alderson, assisted by the Rev. John Harbourn, D. D.

NEWSY NOTES FROM NATURE'S GREAT HIGHWAY.

The Cranla will pass down tonight from Pomeroy.

The Keystone State will pass up tonight from Pittsburgh.

The Jessie passed up with a tow of Pomeroy empties.

The Virginia will be down tomorrow night from Pittsburgh.

All the rivers above are rising, and a fine boating stage will be on for another week or ten days.

The big towboat being built by the Pittsburgh Transportation Co. will be named the Transporter.

The City of Pittsburgh will pass down today for Louisville. She has a light freight trip, but her cabin is full of passengers.

The J. H. Bowell is lying below Cincinnati with several barges in her tow leaking and in bad condition for a trip to New Orleans.

The Henry M. Stanley will go to the Kanawha river and way points tonight, reshipping freight at Point Pleasant for Pomeroy.

The Joe B. Williams, pushing an immense tow of empties, rounded into the Ohio yesterday, bound for Louisville, where she will hook on to a tow of coal for New Orleans.

"The towboat Defender, Captain Walter Carroll, distinguished herself on her recent trip to New Orleans, and proved to be a record breaker. She left Brandenburg on April 8th with thirty-one boats, four barges and three full flats, and arrived at New Orleans on April 21st, leaving on her return upon the day of her arrival. On the trip down she ran all the bridges with her full tow and never landed but twice. This is a remarkable run for a towboat and speaks volumes for the efficiency of her Pilots, Captain W. R. Hapton and young Henry Lindenbourn.

Pittsburgh, May 10th.—At 4 o'clock this afternoon there was a stage of 6.7 at Davis Island Dam, and at least 8.5 is expected by morning, which will enable the shipping of barges. Probably 5,000,000 bushels of coal will go out. Early this morning there was some doubt about a large stage, but late this afternoon everything looks hopeful. The Coal Exchange telegraphed to Major Birby in reference to the driving of piling at Dam No. 3, which threatened the commerce of the river. Major Birby wired William Martin, the Engineer in charge at Davis Island Dam, to have 100 feet of the piling removed forthwith. Many coal operators went to Dam No. 3 on the Harry P. Jones to take in the situation. It is thought the piling can be removed by morning to permit the shipping of coal. Another rise is reported at the headwaters of the Monongahela this afternoon. The present rise coming out of the Monongahela is principally from the Cheat river. Nearly all the towboats in port will get out on this water, and there is quite a large string of them.

\$100—Reward—\$100.

The reader of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,
